

SUMMER MATH WORK 2020

1. Go to www.ck12.org/student/
 - If you do not have an account, click “JOIN” (the orange button at the top right). Please use your FULL NAME.
 - If you do have an account already, SIGN IN
2. Click on “Classes”, then “Join a Class”
3. Join the class using the correct class code:

If you last had 6th grade math and are ENTERING 7th grade Math: h915c

If you last had 7th grade math and are ENTERING 8th grade Math: smlx2

If you last had 8th grade math or Pre-Algebra and are ENTERING Algebra 1: xq48j

If you last had Algebra I and are ENTERING Geometry: dc7e0

If you last had Geometry or Algebra 2 Vol.1 and are ENTERING either Algebra 2 vol. 1 or Algebra 2 vol. 2: 4th7g

If you last had Algebra 2 vol. 2 and are ENTERING either Pre-Calc or Advanced Math Topics: dmnwq

If you are entering Math Foundations: dmnwq

You will find your summer assignments on your dashboard. You must get 10 questions correct to master each concept, however you can practice as much as you want to.

*****Be sure to click “TURN IN” after getting 10 correct so that your work will be recorded. *****
