

Good Afternoon Families,

It was great to see and hear students in the halls and classrooms today as well as Zoom meetings happening for our remote learners. We had our moments of confusion and freshman looking for the elevator to the second floor, but overall a productive day at SRS.

One adjustment that the district needs to make in order to ensure that classes can function at their greatest effectiveness is around technology. After several days of distributing devices to families, our inventory has been depleted. Thus, we are encouraging students that have not been issued a school device to bring their own personal device from home. Teachers and support staff will be available to connect the home device to the school's network on Wednesday morning. The hope is that this is a temporary need as the school is anticipating several hundred new devices delivered in the coming weeks. Any questions or concerns please do not hesitate to contact the school.

Do not forget to sign up for breakfast and lunch tonight.

Students attending school tomorrow will receive a printed schedule during middle school homeroom.

A reminder that tomorrow is a full day of school for all students. Grade 7 & 9 cohort A & C report to the school. All other students are remote.
