National Honor Society
Tutoring Hours Record**

Name _____ Grade _____

Please use this form for ALL tutoring sessions. NHS members must accumulate at least **three (3) hours** of tutoring each semester. Service performed beyond the three-hour requirement will NOT be carried over for credit into the second semester (but in the spirit of our mission in NHS, we hope that our members will continue to provide this tutoring service to the school community, even after they have met their chapter requirements!)

First semester tutoring hours must be documented on this form and submitted by **Friday, January 19, 2024**. Second semester tutoring hours must be documented on this form and submitted by **Friday, May 3, 2024 for seniors and Friday, June 3, 2024 for juniors**. Failure to maintain service and tutoring hours will result in disciplinary action by the Faculty Council and possible loss of NHS graduation privileges. Completed forms are to be returned to **NHS Vice President Jess Longhi**.

***Note: If you are tutoring a student on an ongoing basis, you MAY attach to this form a list of dates/times tutored and who you tutored. Please attach that form to this one, and make sure that you fill out this one completely and obtain the proper signatures.

Please complete this form NEATLY.
